

## BURDEN STATEMENT

[Estimated Avg]

Activity	Burden hours	Cost per response	Frequency	No. of respondents
A. Pre-Certification Exemptions:				
1. Manufacturers .....	3	\$180.00	1	40
2. ICI .....	5.25	315.50	1	25
B. Testing Exemptions:				
1. Manufacturers .....	40	2,400.00	1	15
2. NonManufacturers/Importation .....	3	180.00	1	55
3. NonManufacturers/No Importation .....	5.25	315.50	1	5

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing, and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Dated: February 23, 1996.

Robin Miles-McLean,

Acting Director, Office of Mobile Sources.

**Agency Information Collection Activities Up for Renewal; Request for Comments: Emission Control System Performance Warranty Regulations and Voluntary Aftermarket Part Certification Program—OMB Control Number: 2060-0060**

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice.

**SUMMARY:** In compliance with the Paperwork Reduction Act (44 U.S.C. 3506(c)(2)), this notice announces that the Information Collection Request (ICR) listed below is coming up for renewal. Before submitting the renewal package to the office of Management and Budget (OMB), EPA is soliciting comments on specific aspects of the collection as described below.

**DATES:** Comments must be submitted on or before May 3, 1996.

**ADDRESSES:** Requests for a copy of the ICR should be sent to Chestine Payton, U.S. EPA, 401 M Street, S.W. (6405J), Washington, D.C. 20460. Please include a daytime telephone number, and a current mailing address with any request.

**FOR FURTHER INFORMATION CONTACT:**

Chestine Payton, Vehicle Programs and Compliance Division, U.S. EPA, 401 M Street S.W. (6405J), Washington, DC 20460; (202) 233-9328, FAX (202) 233-9596.

**SUPPLEMENTARY INFORMATION:** Affected entities: Parties potentially affected by this action are those which are automotive manufacturers and builders of automotive after market parts.

**Title:** Emission Control System Performance Warranty Regulations and Voluntary Aftermarket Part Certification Program, OMB# 2060-0060, Expiration date 4/30/96.

**Abstract:** The information required is the minimal necessary to ensure that the part to be certified actually performs as required. Without this information EPA would have no way to control and audit fraudulent or marginal submissions. Since information is only collected when the part is tested to be certified, if no information is collected at the time of testing there will be no means of showing later that the part was properly designed. EPA would not be able to control the self-certification of parts and this could, therefore, result in certified parts that cause vehicles to fail emissions standards.

The information collected is part of the requirement of Section 207(a) of the Clean Air Act, and as described in section 40 CFR Part 85, Subpart V. This is a voluntary certification program and there is no requirement that any manufacturer participate.

The total estimated involvement of the aftermarket part industry (replacement and specialty parts) is 2 parts per year.

The estimation of respondent burden in hours is based on Certification burden estimates for vehicle manufacturers compiled in the April

1985 Information Collection Report for the basic vehicle certification program (RE: the April 1985 report). Estimation of respondent burden will be broken down into three parts: reporting Burden, Testing Burden and Recordkeeping Burden. A total burden estimate will be compiled from these three categories.

The EPA would like to solicit comments to:

(i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(ii) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information;

(iii) Enhance the quality, utility, and clarity of the information to be collected; and

(iv) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

**Burden Statement:** EPA's burden estimated for this information collection are broken down into three parts: reporting, testing, and recordkeeping burden. EPA estimates that the reporting burden will be 116 hours, testing 260 hours and annual recordkeeping 3 hours. No person is required to respond to a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are displayed in 40 CFR Part 9.

Send comments regarding these matters, or any other aspect of the information collection, including suggestions for reducing the burden, to the address listed above.

Dated: February 23, 1996.

Robin Miles-McLean,

Acting Director, Office of Mobile Sources.
